

professional shot gun microphone with high directivity and feedback rejection

The XC20 is a condenser shotgun microphone that features a highly directional and distant pickup characteristic, suitable for television production and theatre sound reinforcement, spot news coverage, or wildlife recording. The XC20 separates in distance desired dialogue or effects against ambient background noise. Its frequency response is extremely linear and natural.

<b>Type</b>	condenser
<b>Polar Pattern</b>	line gradient
<b>Sensitivity</b>	-43 dBV/PA
<b>Frequency Range</b>	35 - 18.000 Hz
<b>impedance</b>	< 250 Ohm
<b>Connector</b>	XLR 3-Pin Male
<b>Size</b>	21 mm x 326 mm
<b>Net Weight</b>	280 g
<b>power required</b>	phantom power 9-52V
<b>accessories</b>	stand adapter + wind screen
